(a) - Represents O for no inner seal, R for inner seal, or V for both outer flat washer and inner seal

(b) - Represents B for Black or G for Gray

(c) - Represents B for black

(d) - Represents G, B, W, S, A, I or F for the fitting design

(e) - Represents various codes, or be blank, for the thread details

(f) - Represents R for inner seal or V for both outer flat washer and inner seal

(g) - Represents O for no inner seal, R for inner seal or V for both outer flat washer and inner seal or D for both outer flat washer and inner seal on larger sizes

Marking: Company name, catalog designation, temperature rating on the product or on the smallest unit container in which the product is packaged.

Last Updated on 2023-01-18

Feedback

The appearance of a company's name or product in this database does not in itself assure that products so identified have been manufactured under UL Solutions' Follow - Up Service. Only those products bearing the UL Mark should be considered to be Certified and covered under UL Solutions' Follow - Up Service. Always look for the Mark on the product.

UL Solutions permits the reproduction of the material contained in Product iQ subject to the following conditions: 1. The Guide Information, Assemblies, Constructions, Designs, Systems, and/or Certifications (files) must be presented in their entirety and in a non-misleading manner, without any manipulation of the data (or drawings). 2.
